Dear Dr. Bains,

I would like to extend our deepest thanks to you for choosing Lurana Shelter Society as charity partner for your teeth whitening campaign during the month of June. We sincerely appreciate your dedication toward helping individuals traumatized by family violence and abuse.

Lurana Shelter Society is inspired by the belief that we can make a difference for women and children escaping the trauma of family violence - by standing up for their rights, by listening to them, by helping them when they need us and by keeping them safe. Our vision is to provide alternatives to living with the fear of violence and abuse.

Over the past 25 years, Lurana Shelter has continually enhanced services and developed new programming to meet the unique needs of each individual. We are here 24/7 to provide advice, support and safety for families that need us. When a woman makes the difficult, gut-wrenching decision to leave the family home, there should be no obstacles to prevent her and her children from getting the help they need. We are also supporting women, men and children who are not accessing shelter through our Community Outreach program.

It is our mission and passion to bring help, hope and encouragement. We want to ensure that we are here for as many families as possible and that no cry for help, comfort and protection goes unheard.

Without your support and the support of our community, they wouldn't have us. So I thank you once again, on behalf of all the families we serve and from everyone at Lurana Shelter Society for your gift.

Most sincerely,

A handwritten signature in black ink, appearing to read "Sarah Cornett", is written over a horizontal line.
